

The Fulmore Magnet Program is a free advanced academic program within the Austin Independent School District. Our program, consisting of four hundred plus Magnet students from all around the Austin area, is part of the 132 year old Fulmore tradition. Authorized by AISD's school board in 2001, Fulmore's Humanities and Law Magnet for International Studies is one of Austin's best kept secrets. The magnet enrollment includes a diverse group of students. Fulmore's staff is trained to individualize instruction and curriculum to accommodate every child's interests and academic goals. Project based learning and access to technology allows students to work collaboratively and to reflect critically on real world issues.

*A Haven for Curiosity*

*Fulmore's Magnet Program offers a variety of elective choices that correspond with the specialties of the program and allow students to receive individualized attention in their areas of interest.*

*The three distinctive strands in law, humanities, and international studies form the basis of the electives that enrich the Magnet experience. Concepts in English Language Arts and Social Studies are intertwined to support students in making deep connections about the world around them.*

*We also offer challenging classes including Environmental Science, Forensic Science, and high school credit for Algebra I, Geometry, and foreign languages including Japanese, French, Spanish, and AP Spanish.*
